Describe below any comments you would like to make on the dog training, Please be honest.

Please return to me in enclosed envelope.

Kat rescued Autumn from a neglectful situation, so in addition to being undisciplined, Autumn was not socialized with other dogs or dog behaviors.

Kat worked with Autumn for about a month before we were able to adopt her permanently. In that short time, Autumn learned all of the fundamental obedience skills - walking/heeling, "no", turning, sitting, staying... etc. We enrolled in obedience classes as a means of getting in ~~ps~~ynch with her and soon learned she was far ahead of us in her skills. Kat did an outstanding job with Autumn.

More impressive, Autumn<sup>even</sup> became socialized to other animals in the time she lived with Kat. Kat and Rick's dog Izzy even showed Autumn how to fetch - when she came to Kat, Autumn didn't even know how to play with toys. Now she's a very good Frisbee dog! We continue to work with Autumn on territorial issues; the basic obedience skills she learned give us building blocks to work with and help to build Autumn's security and confidence!

Can I use you as a reference or contact for other interested parties that want to have their dog trained or boarded. (Please check box if Yes)

Judy and I are very impressed with Kat's skills and we recommend her highly. Mike and Judy Jordan Lakville, MN
