Describe below any comments you would like to make on the dog training_ boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

Benny is so willing to learn He now stays on his blanket in the living room while Marc and I can sit at the dining room table and eat a meal together without a dog wandering around us

Yeah

He is doing well being handled by Marc He is more comfortable and doesnt have a tantrum when I give him to Marc

Its only been a few days but the three of us are progressing

I know you jump started us into working with our little legged friend was definately worth the time and investment

Thank you

Johnsons and Benny Boo
