Describe below any comments you would like to make on the dog training_ boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

Our Golden Retriever, Bogus, had so much fun and learned so much from Kat and her team. The one main thing that stuck out and one of the biggest reasons we picked Purr-fect Dog Training is that our puppy wouldn't be locked in a kennel all day. His learning was all going to be completed inside their home with Kat's other dogs and cats. He was even introduced to one of their horses. This created great interaction skills with other animals. We were also allowed to visit Bogus as often as we wanted to during the 4 weeks he was there. Bogus received the same love and attention from Kat + her team that we would have given him in our home. There was always a time for playing and a time for learning which all seemed very balanced. When it was time to take Bogus home, Kat trained us on the commands and what to do if he doesn't respond correctly. We feel we have a new friend and a wonderful place to take Bogus for daycare now and then. Thank you Kat!

Can I use you as a reference or contact for other interested parties that want to have their dog trained or boarded. (Please check box if Yes)
