Describe below any comments you would like to make on the dog training, boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

Charley had a wonderful time staying with your family for the night. We were a bit nervous about leaving Charley with someone while we were away, especially because we allow certain things in our house that might not be allowed in other houses (sleeping in beds + snuggling on the couch). Kat was more than accommodating for Charley and helped to put my mind at ease before we left.

When we dropped Charley off, she was apprehensive around the other dogs. She has always been very timid + shy around other dogs. Kat helped to make Charley comfortable + welcome with the other puppies. We've also noticed since then that she is more playful + not as scared as other dogs she meets.

Thank you for taking such good care of our "monster." She will definitely be back!

Can I use you as a reference or contact for other interested parties that want to have their dog trained or boarded. (Please check box if Yes)
