Describe below any comments you would like to make on the dog training, boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

When our Westie, Charlie, went to Kat's he was a totally unhappy dog. He was somewhat aggressive, didn't socialize well, and we wondered if we could ever 'rehab' him.

Good News! Kat and her team worked their 'magic'. After staying a few weeks he returned home. Marcel & I were taught what Charlie needed from us and what we could expect.

Our expectations were blown out of the water with Kat accomplished. Even visitors remark how different and happy Charlie is now.

We are forever grateful for all the work and love Kat showered on Charlie and us. Yes, us we needed some 'rehab' also. The Good News is that it also 'stuck', we are now over a year out from the training and it is just getting better!

Can I use you as a reference or contact for other interested parties that want to have their dog trained or boarded. (Please check box if Yes)
