Describe below any comments you would like to make on the dog training_ boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

Thanks Kat for watching and caring for Kora while we went ^{away} ~~way~~ on our mini three day family vacation. I greatly appreciate the fact that she was treated as part of your family in your home during her stay instead of being kept in a small kenneling area by herself. I could tell that you were very good to her while we were gone by the way Kora interacted with you while I was signing the papers before we brought her home. She wanted you to pick her up and she was busy giving you kisses. I also can tell that she had lots of fun playing with your dogs. Even though Kora is a small 20 lb dog, she acted as though she was part of the lab pack. She was happily wagging her tail while amongst them all. Kora also must have gotten lots of play time because she fell asleep in the truck within five minutes of leaving your home, was out like a light by supper time and slept until morning. I was a little apprehensive leaving Kora with anyone because of the abuse she suffered from prior to her rescue nine months ago, but I can honestly say that I'd leave Kora again with Kat in a heartbeat and plan on doing so on our next vacation.
