Describe below any comments you would like to make on the dog training\_ boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

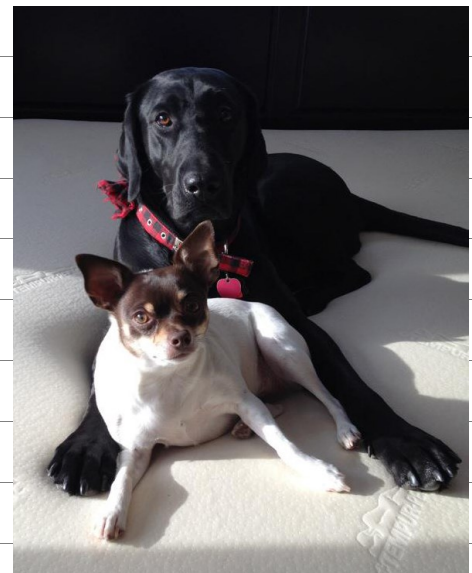

Lily is amazing. Everyone who meets her, loves her! She sleeps in our bed every night and is Bindi's (our other dog) new best friend. Bindi jumps all over her and takes toys right out of her mouth and Lily just lets her. The cats are finally getting used to her but she still avoids them whenever possible. She got more presents for Christmas this year than Scott and I combined but shes obsessed with her tennis balls. Her new favorite thing to do is chase the squirrels who congregate at our bird feeder. Bad news is she actually caught one the other day...and killed it, and then dropped it on the front porch.

She went to all four of our Christmas parties with us and was so well behaved. She is a bit of a table surfer so we have to watch her but otherwise she's perfect. We actually cooked steaks for all the dogs at my mom's Christmas party and Lily looked like she was in heaven.

I attached their picture from Christmas morning.

Hope you had a nice Holiday Season.
