Describe below any comments you would like to make on the dog training, boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

My comments: Our Marty is a sweet & kind dog. It is amazing that Kat was able to rescue this 8 week old pup & have the knowledge/expertise to pick out a dog with these fine qualities. It is a gift that she has "to know" what qualities are needed for a dog to be a therapy dog - trainable, caring & fun!

Marty is well trained and knows what to do. (It is his owners that are not trained.) Marty takes direction very well.

I was raised with dogs that we're not paid for, but realize the value of having a dog picked for it's temperament by an expert and how much easier it is to have a dog well trained as compared to going to puppy class. There is a world of difference. I really appreciate the availability of Kat for consultation & ongoing training needs, if necessary. *M. Schenk*
