Describe below any comments you would like to make on the dog training_ boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

I think your happy manner of training is very good. You show them lots of love when they get it right so they like you right away. It was all starting to work on Sally. She knew the 3 commands. In time I'm sure it would have gotten only better. I'm sure it will help her new owners if you showed them what you had taught her. I would use you again if I were ever to get another dog and I would recommend you.
