Describe below any comments you would like to make on the dog training\_ boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

Our experience with the Narbys was wonderful. They allowed us to see the puppies after they were only a week old. Then when we decided to purchase one of the puppies, they let our son come to visit every week and spend hours with him. They were so patient & kind with our son. They were always very helpful with all of our questions, even though some must have seemed a little odd to them. We even got to come back to visit after we had Snickers to see everyone again. Hopefully we can go again soon. The Narbys are very kind people and the puppy is just great. I would recommend them to anyone.
