## Reference Sheet

Describe below any comments you would like to make on the dog training\_ boarding or experience with my business. Please be honest. Please return to me in enclosed envelope. All suggestions help to maintain a good relationship to my clients and animals and make the business the best it can be.

**Training:** We have a pup from Molly's last litter and chose to have him trained prior to taking him home with us. Great decision on our part! Kat did a fantastic job. We brought him home on Christmas Eve (just about 4 months old). Not only was our puppy well trained...but we got trained as well! It helped us understand how to introduce a new dog to our home. We are enjoying the new addition to our family and appreciate the ongoing support and advice from Kat.

**Boarding:** Every so often we need to take a break from the daily routine that might NOT include our family pet (yes it happens)! We highly recommend you board him/her at Kat's SPA ('special place for animals'! Your pet will be loved, fed, and cared for in a safe, healthy, and secure environment.
